

SPANISH FOR FOREIGNERS

Preparing foreigners to communicate in Spanish
and adapt to the Colombian culture

The Escuela Colombiana de Ingeniería Julio Garavito offers a month of intensive Spanish classes and cultural activities to get familiar with the Colombian culture. All activities are conducted in Spanish.¹

¹ Support in English is available for those experiencing difficulties but should not be an end in itself

▶ IMPROVE YOUR SPANISH SKILLS

The program is open to all foreigners arriving in Colombia (students, interns or professionals are welcome) and wishing to enhance their Spanish skills before starting to study or work. During 4 weeks, you will benefit from 15 hours a week of Spanish classes which content include grammar, vocabulary, writing, listening and oral practice. Those classes will be taught by Colombian teachers specialized in Spanish as a Foreign Language. Classes are limited to 20 students maximum per class to foster individual monitoring.

DISCOVER COLOMBIA

In addition to the Spanish classes and in order to discover the Colombian culture to the fullest, the program includes:

- 15 hours a week of activities such as Colombian games, drama classes, cooking and dancing lessons, history and culture classes to practice Spanish in a fun way.
- Visits of the touristic attractions and museums to discover Bogotá with local guides.
- 4 Saturdays of excursions to experience the surroundings of Bogotá (including transportation, entrance and lunch).
- Sundays are free.

GENERAL INFORMATION

The program starts on Tuesday 5th of July 2016 and finishes on Tuesday 2nd of August 2016.

Price: 999 USD. This price includes all classes, visits and excursions, transportation (2 rides a day for a month), shared accommodation and lunches. Airport pick-up is optional and has an additional cost of 25USD. We recommend all participants to have their own international medical insurance. The participant can purchase an international medical insurance for a cost of 100 USD for the whole month at the time of his/her subscription. All additional services have to be requested through the application form.

THE ESCUELA COLOMBIANA DE INGENIERÍA JULIO GARAVITO

The Escuela Colombiana de Ingeniería Julio Garavito is a technological university whose mission it is to contribute to the development of individuals, knowledge and society through comprehensive training and construction and development of knowledge. It has been offering undergraduate, graduate and continuing education programs since 1972.

We have a staff of professors highly qualified in both academic and research areas, which allows us to develop knowledge focused in technological progress and innovation in order to contribute to the construction, development and improvement of its environment. In addition to that, we emphasize the participation in international networks and academic communities, mobility, homologation and recognition of professional degrees, multilingualism and the incorporation of international quality standards.
